

**CODE:** P730003  
**Item:** Enclosure PMRO 1 S M

## PRODUCT TECHNICAL SPECIFICATION

**Description:** Multipurpose modular enclosure PMRO 1 S M can be used for measuring points, industry, lighting, automation, etc. It is possible to use in environments such as dry, humid, exterior, interior, environment characterized by acid vapors, etc. **Installation of the enclosure is done on the pole.** The enclosure does not require maintenance.

No.	Code	Dimensions (mm)			Material	Appliance class	Flame-retardant	Color	IP	IK	Packing	Product weight (g)	Barcode
		a	b	c									
1	P73-00-03	340	140	270	SMC	Klasa II	V0	RAL 7035	54	10	1	2,05	 8605031041408

### Other characteristics

**Body material:** Reinforced glass-fiber polyester (SMC), which made it enable the strength of the materials to be resistant to mechanical impacts, UV radiation, temperature alternations, non-flammability and dielectric strength of the enclosures.

**Mounting on:** Pole

**NOTE:** The enclosure may be delivered wired or non-wired as per request by client.
